

# Britannia Beach Open House

March 1, 2006

## **Opportunities for Community Feedback on Preliminary Design Options for Improvements to the Britannia Beach Section of the Sea-to-Sky Highway**

The Sea-to-Sky Highway Improvement Project invites local residents and stakeholders to provide feedback on preliminary design options for improvements to the Britannia Beach section of the Sea-to-Sky Highway. Improvements are being undertaken to the highway between Horseshoe Bay and Whistler to improve safety and reliability. By 2009, extensive highway improvements will make travel along the highway safer and more reliable for residents, commuters and tourists.

The consultation with the community of Britannia Beach includes gathering community

feedback regarding the Main Street intersection and pedestrian crossing, the proposed location of bus stops, the community gateway options and the landscape options.

Community feedback can be provided by attending the open house or by accessing consultation materials including an on-line feedback form at:
