

Addendum RFP-5
Issued November 18, 2004

Addendum #	RFP Reference		Original Text	Revised Text (deletions are blacklined; changes/additions are highlighted)
	Volume #	Section #		
RFP-5.1	Volume 1	Section 5.1.3.1	<p>5.1.3.1 Authorization for Work by Others in Section DB12</p> <p>The Province is currently seeking an Authorization under subsection 35(2) of the Fisheries Act for work being done by others in Section DB12 (see Section 2.2.3.4) from the Habitat and Enhancement Branch of Fisheries and Oceans Canada (DFO). The work that is the subject of this Authorization includes:</p> <ul style="list-style-type: none"> • replacement of fish bearing culverts at Preliminary Alignment (PA) Sta. 229+124 and 232+240; • construction of the fisheries compensation site at the old salt shed location (PA Sta. 229+180); and, • diversion of approximately 50 m of the Cheakamus River tributary channel (PA Sta. 229+670) from the roadside into the original stream channel. <p>The Province is currently in discussions with DFO regarding in whose name the Authorization for work to be undertaken by DBFO Co will be issued. Two options under consideration are: (1) issuing the Authorizations in the name of DBFO Co; or (2) issuing the Authorizations with DBFO Co and the Province as joint signatories.</p>	<p>5.1.3.1 Authorization for Work by Others in Section DB12</p> <p>The Province is currently seeking an Authorization under subsection 35(2) of the Fisheries Act for work being done by others in Section DB12 (see Section 2.2.3.4) from the Habitat and Enhancement Branch of Fisheries and Oceans Canada (DFO). The work that is the subject of this Authorization includes:</p> <ul style="list-style-type: none"> • replacement of fish bearing culverts at Preliminary Alignment (PA) Sta. 229+124 and 232+240; • construction of the fisheries compensation site at the old salt shed location (PA Sta. 229+180); and, • diversion of approximately 50 m of the Cheakamus River tributary channel (PA Sta. 229+670) from the roadside into the original stream channel. <p>The Province is currently in discussions with DFO regarding in whose name the Authorization for work to be undertaken by DBFO Co will be issued. Two options under consideration are: (1) issuing the Authorizations in the name of DBFO Co; or (2) issuing the Authorizations with DBFO Co and the Province as joint signatories.</p> <p>The Province obtained an Authorization (number 02-HPAC-PA1-000-000092) under subsection 35(2) of the Fisheries Act from the Habitat and Enhancement Branch of Fisheries and Oceans Canada (DFO) on August 23, 2004 for work being done by others in Section DB12 (see Section 2.2.3.4). A copy of the Authorization is in the Data Room. The Authorization is specific to the culvert replacements, stream channel re-alignment, and construction of fisheries compensation site described below:</p> <ul style="list-style-type: none"> • replacement of fish bearing culverts at Preliminary Alignment (PA) Sta. 229+127 and 232+240; • construction of the fisheries compensation site at the old salt shed location (PA Sta. 229+250), as described in Section 5.1.3.2; and, • diversion of approximately 50 m of the Cheakamus River tributary channel (PA Sta. 229+670) from the roadside into the original stream channel. <p>Future Authorizations for work to be carried out by DBFO Co are the responsibility of DBFO Co.</p>
RFP-5.2	Volume 1	Section 5.1.3.4	<p>5.1.3.4 Ocean Dumping Permit</p> <p>The Province has applied to Environment Canada for an Ocean Dumping Permit in accordance with Part VI of the Canadian Environmental Protection Act. The term requested for the permit is September 15, 2004 to September 15, 2005. The permit application is in the Data Room and the permit itself will be placed in the Data Room when it is issued by Environment Canada. The Province is not intending to renew the permit after expiry and DBFO Co will be responsible for further permit applications.</p>	<p>5.1.3.4 Ocean Dumping Permit</p> <p>The Province has applied to Environment Canada for an Ocean Dumping Permit in accordance with Part VI of the Canadian Environmental Protection Act. The term requested for the permit is September 15, 2004 to September 15, 2005. The permit application is in the Data Room and the permit itself will be placed in the Data Room when it is issued by Environment Canada. The Province is not intending to renew the permit after expiry and DBFO Co will be responsible for further permit applications.</p> <p>An Ocean Disposal Permit was issued under the provisions of Part 7, division 3 of the Canadian Environmental Protection Act, to the Ministry of Transportation by Environment Canada. The permit is to load inert, inorganic geological material at sea. The term of the permit is to September 14, 2005.</p> <p>The permit (4543-2-03354) is in the Data Room. The Province is not intending to renew the permit after expiry and DBFO Co will be responsible for further permit applications.</p>
